COMPANY

Our company, with over 20 years in the tea and beverage industry, is a diversified producer and distributor of food ingredients, aiming to be a leading supplier.

We have two main production bases in Guangzhou and Xiangyang, China, with an annual syrup capacity of 60,000 tons.

Using high-quality sugars, we produce six major syrup series through high-temperature and UHT sterilization technologies.

IDEA

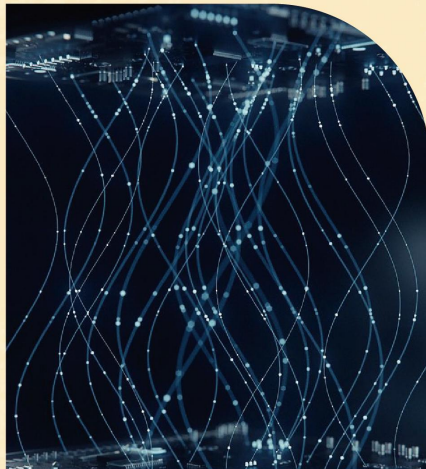

“Light & Healthy”

With over 20 years of industry experience, we have focused on producing high-quality food ingredients, integrating "Light & Healthy" into our work and products.

Carefully select raw materials, explore their flavors extensively, and conduct scientific experiments to provide the best products for our custo
